Maryville Wants to Entertain You During Her Gala Week and Has Prepared Elaborate Programs of Entertainment

FIRST STREET FAIR

MANY REMEMBER THE FIRST ONE
GIVEN IN 1900.

LARGE CROWDS WERE HERE

Pavement Around the Square Was
Just Laid Then—Next Week's
Fair to Be a Better One.

Since the business men of the city are offering a week's entertainment to the people in the nature of a street fair this year, it might be of interest to many to know of the first street fair held in Maryville. The first one was held October 8 to 13, 1900, and the late W. T. Garrett was president of the committee in charge and Frank G. Shoemaker was secretary. Large crowds were in the city, some estimating that 20,000 people were here on two days of that fair.

Many think that the first street fair was the best one of the five that have been given, but whether this be true or not, it was certainly a good one. Some of the attractions here at that time were the Baldwins, Vontella and Nina, and Renzo. Two salutations that every one heard who attended the first streets fair were: "Have you seen Willie?" and "Ego, he eats snakes, allows poisonous reptiles to bite him." The Bug Hop minstrels, a home talent show, was given one night, and one of the other good shows here was "The German Village." Two features were the buggy flower parade and the public wedding held in front of the hardware store of J. E. and W. H. Hudson, on the west side of the square, when James Milo Mains and Lena B. Fort of Elmo were united in marriage by Rev. E. B. Lytle, pastor of the First M. E. church at that time.

While all of the fairs were good, the committee in charge this year has been working all the time to get up a week's entertainment that will far surpass anything yet given in the city.

Maryville's first street fair proved the inspiration that started our Homer Croy, now great in the magazine world as a short story writer, on the way to fame. It will be remembered by many that the favorite pastime of that week was the throwing of small rubber balls attached to a string, that bounded so quickly back to the owner as to enable him to easily slip away in the crowd without being detected by his victim. Many people became acquainted in this way, and Homer Croy, who was a big, bashful country school boy then, came to town every day and night and watched the fun and frolic of that week (he was too bashful to take part), and in a few weeks he was contributing a continued love story entitled "The Romance of a Rubber Ball" to the Nodaway Forum, that had been started that year by C. J. Colden. The story ran several weeks and everybody read it, as it brought up memories of street fair week. The compositors all laughed at the story and made all manner of fun of the writer—but then, they did not know a great man when they saw one. They take off their hats to him now.

The first pavement of Maryville streets was laid around the square, south on Main street to the First M. E. church, and north on Main to the Barmann & Wolfert carriage factory, just in time for the opening of the first street fair. A good many of our business men, some high school students and other boys in town who were interested in the success of the street fair, assisted the paving contractor and his men in laying the bricks during their spare time, and on Monday night, before the opening, they worked until nearly midnight in order to have the needed work finished. It was a jolly crowd of workers, and the paving contractor enjoyed it as much as anyone. And when the fair opened big crowds of laughing people followed the band from one attraction to another, all on the new pavement, from morning until night, and everybody, old and young,

had the time of their lives seeing Willie, Ego the snake eater, the little German village, the flying woman, and all the other things. And the day of the wedding everybody in the county was here. The ceremony took place on a platform erected in front of the Hudson hardware store. The streets were packed with people from the First M. E. church to the Barmann & Wolfert carriage factory, on the north and south sides of the square, including the court house yard, while the tops of the buildings and windows on those streets were lined with people, while trees and telegraph and telephone poles held big loads of the "irrepressible boy."

THE LIBRARY BOARD

ADOPTED MEASURES IN PRESERVING ORDER IN THE LIBRARY

THE HARVARD CLASSICS

And a Number of Other Books to Be Purchased—The Librarian's Report.

At the meeting of the public library board Thursday evening it was decided to adopt vigorous measures in preserving order in the reading rooms and among the patrons of the library. There have been frequent complaints of late that the rooms are being frequented by boys and girls who engage in boisterous talk and laughter, who fail to observe the rules under which patrons are granted the privileges of the library, and generally among those who come for serious study.

The rules of the board are very strict with reference to disorderly conduct, and the librarian was instructed to exclude all persons who cannot or will not be quiet during their visits to the library. The privileges of the library will be withdrawn for a period of two weeks on first offense, and persistent offenders will be permanently expelled.

It was decided to add to the library the Harvard classics or President Eliot's five-foot shelf library of fifty volumes, and also to purchase a number of volumes of late fiction.

A motion was carried to send the librarian to the meeting of the state library association, which is to meet at Hannibal, October 19.

The librarian submitted her report for September, which is as follows:

BALLOON PASSED MARYVILLE.

Left Kansas City Yesterday Afternoon
and Was Seen Here.

One balloon passed over Maryville Thursday evening about 8 o'clock and was seen by many people. It was traveling due north and was about 200 feet high, but no name could be seen. It was one of the six balloons that left Kansas City yesterday afternoon about 5 o'clock. Several declared that they saw two balloons pass here, one about 8 o'clock and the other several minutes later. These balloons are on an international balloon race.

A dispatch from Arkoe to the Kansas City papers says that a balloon passed over that town at 10:30 o'clock last evening, but it was too dark to see the name, and there was no communication with the passengers.

TALK OF REST ROOM.

To Have One in the Basement of the
Court House, if Court Approves.

It is probable that before very long Maryville will have a modern rest room in the basement of the court house for the people that come to Maryville. At present several of the stores have rest rooms, but a public rest room with all of the conveniences is very much needed in the city and should meet with the hearty approval of the county.

The county court, it is understood, is in favor of the rest room and would be willing to stand one-half of the expense in fixing up the basement for this purpose. However, no definite action has been taken on the matter of a rest room.

RECEIVED ABSTRACT

Of the Record in Rasco Case—Are
Busy Now Preparing Brief.

Prosecuting Attorney Wright received Thursday the printed abstract of record of the Hex Rasco case from Attorney General Major at Jefferson City. The abstract was prepared by Mr. Wright and his assistant, M. E. Ford. The prosecuting attorney's office is now busy preparing the brief of the Rasco case, which comes up before the supreme court at the January call of the October docket.

Removed to Hopkins.

Mrs. S. J. Yeomans left Friday noon for her new home in Hopkins, or rather her old home among her old friends and neighbors. Mrs. Yeomans came to Maryville five years ago to make a home for her son, Deputy County Clerk E. J. Yeomans, who has served County Clerk George Demott as his deputy during that time. Mr. Yeomans has had a home of his own since May, and Mrs. Yeomans concluded to return to her old home, where she had lived since young womanhood, and where she may more conveniently look after her farm, three miles east of Hopkins. A nice new cottage has just been completed for her occupancy. She made many new friends during her five years' residence here who regret her departure, but they wish her all the pleasure that the renewal of old friendships may bring.

EXTENDED INVITATION TO OWLS

At Stanberry, Red Oak and Shenandoah to Come to Maryville.

An invitation to the Owls lodges at Stanberry, Shenandoah and Red Oak, Ia., was extended by the Maryville Owls this week to attend the ceremonies and participate in the enjoyment of Fraternal day demonstrations to be held in Maryville during fair week on Friday. A large number of the Owls are expected to be in attendance.

Mrs. J. E. Melvin went to St. Joseph Friday morning to spend the day. She was accompanied by her daughter, Mrs. J. T. Goff of Arkoe.

CITY TO GET \$328

FROM INSURANCE MONEY THAT
WAS RECEIVED BY COUNTY.

TOTAL AMOUNT \$2,268

But It is to Be Apportioned Among
the Towns and Cities in the
County.

The county court, in session this week, ordered County Clerk Demott to make the apportionment of the foreign insurance money that is received by the county from the state. Nodaway county received for the year 1910 \$2,268.90, but it was never apportioned on account of the enumeration of the school children of the county having been received only recently by the county clerk. The amount the county will receive is 27 cents for each school child. A part of the amount, \$739.19, is to be apportioned among the cities and towns in the county and the balance of the amount, \$1,529.71, is to go to the general revenue fund and apportioned to the several county funds.

Maryville's share of the insurance money is \$328.25, and can be used by the city for any purpose.

The other towns in the county will receive the following amounts:

Arkoe	\$6.85
Barnard	25.75
Burlington Junction	64.11
Clearmont	16.64
Clyde	21.09
Conception Junction	12.33
Elmo	24.66
Graham	24.11
Guilford	14.24
Hopkins	69.59
Hopkins	32.88
Pickering	18.90
Quitman	26.30
Ravenwood	14.52
Skidmore	38.90

The state received each year so much money from the foreign insurance companies for doing business in Missouri. Then this amount is apportioned among the counties in the state on the school enumeration. The money Nodaway county received is from this source.

County Clerk Demott said Friday that the money would be sent out to the various towns and cities in a day or so.

The court in session Thursday ordered the county clerk to destroy the assessment lists for 1905 and 1906.

The court adjourned Thursday evening and will not be in session until November.

BURTON IS ALIVE.

Hutton, a traveling salesman, met Mr. Burton at Braddyville, Ia. Thursday. A report was published in the papers that Burton was killed in an auto accident some weeks ago.

COMING RIGHT AWAY

WORK ON BOOTHS COMMENCED
FRIDAY MORNING.

STREET FAIR SPIRIT HERE

And Every Business Man in Town Is
Head Over Heels in Work
for the Fair.

Actual work commenced this morning on building booths and putting up the decorations for the Maryville old-time street fair next week. The city presents a busy appearance with these workmen engaged in building and hanging the decorations, and it looks more and more every day like Maryville is going to have one of the biggest weeks of entertainment ever offered in the history of the city.

A cordial invitation is extended to the people of the surrounding territory to come to the city and be our guests for fair week. The entertainment is given for the people, and we will be disappointed if you don't come. This is one week that you should come to the city—carnival week—when pure fun and enjoyment is all that anybody seeks, and the fun is so abundant that even the most stolid old grouch must laugh just because merriment is in the air.

More decorations were ordered Friday from St. Joseph, as the supply that was received this week was not enough. Five thousand more feet will be used.

Nearly all of the arrangements are completed for the fair, as all of the shows and free attractions have been secured.

Called to Ohio.

Professor H. P. Swinehart of the State Normal faculty was called to Bloomington, O., Thursday afternoon by the dangerous illness of his mother, Mrs. Susanna Swinehart. He left on his journey Thursday night. Professor Swinehart and his wife spent some time in Ohio the past summer on account of his mother's illness, who has been sick since July.

Mrs. Felix Grundy returned Thursday from a several days' stay in Kansas City, taking in the great things there that have been attracting thousands and thousands. Her daughter, Miss Marie, remained for a few days' visit with Miss Cleo Williams, who formerly lived in Maryville.

Demonstrations in expert typewriting will be given each afternoon and evening during street fair week in the business college office, first floor, corner Fourth and Market streets.

CRANE'S

GOOD LIVER REMEDY FREE

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloated feeling after eating, if you belch, if your skin is yellowish you may be sure it is liver trouble.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

*Thousands of people first learned

of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Sardis, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from griping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

TOWESTERNCHURCH

REV. O. W. LAWRENCE TO NORTH YAKIMA, WASH.

HE WAS A PASTOR HERE

Of the First Christian Church for Several Years and is Well Known Here.

Rev. O. W. Lawrence, who was pastor of the First Christian church of this city, and who succeeded Rev. C. M. Chilton, who is now pastor of the Christian church at St. Joseph, has accepted a call to the Christian church at North Yakima, Wash. Rev. Lawrence was pastor of the church in Maryville for four or five years, and left about nine years ago for Rock Island, Ill., to take charge of the church at that place. For the past five years he has been pastor of the Central church of Christ at Decatur, Ill. The following article from the Decatur Review of recent date will be of interest to the many friends of Rev. Lawrence in this city:

Rev. O. W. Lawrence resigned from the pastorate of the Central church of Christ Sunday morning. Mr. Lawrence has accepted a call to the Christian church at North Yakima, Wash., and he will take up his new work November 1. His last sermon here will be preached the last Sunday in October.

The church of which Mr. Lawrence becomes pastor is a strong one. Mr. Lawrence has been told that it is the strongest church of that denomination in the northwest. Its membership numbers nearly 1,500, and its Sunday school an average attendance of about 500. The church has recently completed a new church building, which was erected at a cost of about \$60,000.

North Yakima is a new town, having sprung up in the last ten or fifteen years. Its 1910 population was given at 14,982.

Mr. Lawrence goes to a church in which there is only one man with whom he is acquainted, and he has not seen this man for fifteen years. When Mr. Lawrence was in college he used to go out on Sundays to a little Iowa town, called Baxter, to preach. There he met John R. Peck.

Afterward he lost all track of the man, and was surprised one day to receive a letter from him asking him if he wouldn't like to come west, and telling him of the pulpit vacancy there. Mr. Lawrence replied that he did not care to make application for the place, but he was much interested in the west. Mr. Peck then went to the officers of the church, and the meeting resulted in the calling of Mr. Lawrence as pastor. After some correspondence Mr. Lawrence decided to accept, though he much regrets to leave Decatur.

Mr. Lawrence has been pastor of the Central church for five years, lacking two months. During that time he has taken into the church probably 500 or 600 new members. One of the principal features of his work here is the reduction of the church debt. When he came the unprovided for debt was \$10,000. At the end of this year the debt will be reduced to \$2,500. The parsonage also has been built during Mr. Lawrence's pastorate. He is a dainty man, both personally and as a clergyman.

Mr. Lawrence and family expect to like their new home in the west very much, though they dislike very much leaving Decatur. They have made hosts of friends while here and are sorry to leave them. Mrs. Lawrence has especially made many friends among the women of the city, having been actively connected with various women's organizations, the Woman's club, Missionary Social union, Civic league, Y. W. C. A., and others, besides the organizations of the church. Mr. Lawrence and family will be missed not only by the members of the Central church but by many of the city outside of the church. Mr. Lawrence was for some time president of the Ministerial union, and has been active in all his work.

Mr. Lawrence expects to reach North Yakima in time to preach his first sermon there the first Sunday in November.

POLITICAL NOTES.

(By Democratic Publicity Bureau.)

If reciprocity was such a good thing for Canada and such a bad thing for us, as our Republican friends insisted, will some disciple of Mary Hanna please take the floor and tell us why the Canadians swatted themselves in order to save us?

The insurgents will hold a conference at Chicago, October 16th. They have named it "Taft's Doom Day." We take it that will march straight into the Democratic party on that date. At least that is the shortest and most direct route to Taft's Doom day.

Without warrant of law congress

appropriated \$25,000 to pay the traveling expenses of Taft. This accounts for the fact that he is traveling all over the country, giving us a sample of government by gab. The \$25,000 might as well have been called an appropriation for campaign purposes, for that is what the swing around the circle is for—a campaign stunt for the renomination and re-election of Taft.

Champ Clark is predicting Democratic victory next year. A prophecy that doesn't indicate such a result ought to be sent to the shop for adjustment.

Canada rejects reciprocity by a decisive majority this year and the United States will do the same thing to Taft next year.

A Storeful of New Tailored Suits for Women

WE have ready a superb assemblage of new Fall suits, all in styles that present a refreshing change from the suits of a few months back. The styles are so sensible indeed and so becoming to nearly every type of figure that the average woman will have nothing else—a fact plainly evident to us as we have never before had such a wide-spread call for suits. The large demand has placed them without a single doubt, in the first rank.

The prominent designers are, therefore, constantly developing new ideas and novel touches, trying to keep pace with the growing demand. Our frequent shipments keep us in close touch with every new model brought out. You have only to come here to see what is the latest.

New materials have been woven and the old favorites have been wrought over to properly harmonize with the lines of the new suits, many being radically different from those of other years. Many of the ideas are, of course, from Paris, but other suits present the brightest American originality. The collars, the cuffs, the revers, even the buttons speak of a new season and of newness.

We invite you to come and look over our complete stocks. We warrant you will find much that is interesting. The new suits are priced from \$15 to

\$45

Beautiful Coats Made in New Styles

The most favored coat for Fall is easily described—it is big and loose, made of mannish double faced cloth with the reverse side showing on the large collars, the revers and the huge cuffs, fastened low on the left side. Very smart, very serviceable.

The materials are mixtures, polo cloths, serges, worsteds, tweeds and similar weaves. Made with the one idea of being thoroughly comfortable, consequently the long severe lines. Large assortments so that every woman can be suited as to taste and style. Priced from \$10 to

Revealing the latest style ideas of all makers

Why Our Millinery Styles are Better than Ever Before

We have inaugurated a new system in our millinery shop. By buying only pattern hats from the best originators in New York and Chicago we are enabled to collect hats with more style and of better quality than formerly. This is a new idea—and it has proven an immediate success wherever it has been introduced. And there are good reasons why it should.

For instance: We get to choose from the choicest products of the best makers who are in a position to execute the new style ideas correctly and cheaply, and also much better than the ordinary trimmer. We can sell cheaper because we buy in large enough quantities to get the lowest prices and because we have no expensive trimming room.

Thus you are twice benefitted—better styles, lower prices.

A look through our Millinery Section will show you how sound this proposition is and what a great benefit it is for you.

Frequent shipments of new models to keep you in touch with the very latest fashions.

The World's Best Corsets for You Here

There are many makes of corsets. Some are designed correctly, made of good materials, and beneficial to wear. Others are incorrectly designed, frequently made of poor materials, and very harmful to wear—for it is an established fact that an ill fitting, badly designed corset is injurious.

We feel safe in recommending to you the **BON TON and ROYAL WORCESTER Corsets**

for we know they have no equals. They have stood the test of time. The makers have embodied every possible improvement. They are worn and indorsed by over one million women. Surely a good record!

These new models are made on the newest lines. They are correctly proportioned and comfortable to wear. The best materials are used to give service. There is nothing left out that should be in.

You will enjoy corset perfection and your figure contour will be ideal if you wear a Bon Ton or a Royal Worcester corset.

We especially invite women who have trouble in securing the proper corset to consult with our corsetter. She will gladly suggest the proper corset and fit it without charge.

Two new models are illustrated here:

No. 919. For the average figure; medium bust; cutaway front; long skirt with flexible back bones. Price, \$5.00.

No. 405. For the average figure; medium bust; medium back; long skirt. Perfect fitting; comfortable to wear. Price, \$1.00.

INTERNATIONAL AIR RACE STARTS

All Balloons Went North and Conditions Favor New Records

THOUSANDS SAW THE START

First Gas Bag Left Ground at 5:13 and Last Was Gone at 6:20—Sighted From Various Points.

Kansas City, Oct. 6.—With all indications favoring a record breaking contest, the six balloons in the international race sailed away to the north without a bobble of any kind to mar their chances. The pilot balloon, Pennsylvania I, and the bags Kansas City II and Topeka II, trying for the Lahm cup, started under equally good circumstances.

The pathfinder balloon, in charge of Arthur T. Atherholt of Philadelphia, with E. R. Hunneywell as aid, was the first to leave. The men holding it down released their grasps at 5:13 o'clock.

The last to go was the Topeka II, with Frank M. Jacobs as pilot and W. W. Webb as aid, leaving the ground at 6:20.

Maj. Samuel Reber, U. S. A., chairman of the contest committee of the Aero Club of America, said there was a probability that a record for distance would be established in the race, although the wind was not so steady as he had hoped.

From eight to ten thousand spectators were in the stands, according to an estimate by Louis W. Shouse, who was in charge of the seating. Fully 15,000, Mr. Shouse said, saw the race from the bluffs and nearby house-tops.

Tarkio, Mo., Oct. 6.—Two balloons passed here between 8 and 8:30 p. m. They were flying low and fast. On account of darkness, the names of the balloons could not be distinguished.

Savannah, Mo., Oct. 6.—Three balloons, one of them the America II, passed near here. At 8:40 o'clock a balloon passed very low over the back yard of Aaron Bowman, and the occupants hailed Bowman. He could not understand them, and it is supposed the balloon is one of the foreign entries. All the balloons were going in a northern direction.

TO JAIL BECAUSE OF BAD MEMORY

Columbia Man Declined to Answer "Yes" or "No" at Liquor Investigation and Got Six Months.

Jefferson City, Oct. 6.—When H. P. Creasy of Columbia declined to answer "yes" or "no" to a question propounded to him by a grand jury in Boone county which was investigating the illicit sale of liquor Judge Harris committed him to jail for six months for contempt. Creasy's attorney has applied for a writ of habeas corpus in the supreme court and got from Judge Kennish an order directing the release of Creasy on bail pending the return of the writ. Creasy said he could not answer "yes" or "no" as his recollection did not permit of it.

Turko-Italian War in Chicago.

Chicago, Oct. 6.—A score of Italians attacked Thuan Bengas and Alvis Demosston, Turks, in a West Side street when the Turks attempted to parade through a minor Italian district garbed in red blouses and purple sashes. The Turks fled to a police station when they saw they were outnumbered by the Italians. They were locked in a cell until the crowd was dispersed.

Killed an Eagle.

Lexington, Mo., Oct. 6.—A black eagle, measuring six feet seven inches from tip to tip, was killed here on the farm of Martin Connors by Abe L. Bretz, a baker. A number of pigs, chickens and two lambs have been missed by the neighbors in the vicinity where it was killed. He will have his trophy mounted and give it to some Eagle lodge.

Elumbauha Jury Couldn't Agree.

Springfield, Mo., Oct. 6.—The jury was unable to agree in the suit of Armon Elumbauha, who sued several Wright county farmers for \$20,000 for conspiracy to drive him from the county. It was discharged by Judge Van Valkenburgh and the case will be retired in March.

Announce Daughter's Engagement.

Dr. and Mrs. A. B. Allen made formal announcement this week of the engagement of their daughter, Miss Mabel Allen, to Mr. Muriel L. Beattie of St. Joseph. The date of the wedding is not yet decided upon, but it will take place some time within the coming two months. The announcement does not come as a surprise to the friends of the bride and groom-to-be. Mr. Beattie is the son of Mr. S. M. Beattie of Newport, Ark., formerly a hardware dealer of Maryville. He is a traveling salesman for the John S. Brittain Dry Goods company of St. Joseph. Mr. Beattie and Miss Allen will make their home in Dr. H. L. Stinson's residence, at Fillmore and Thompson streets.

Entertained for Students.

The out-of-town students in our city were given a royal welcome to our city by the young people of two of our churches Thursday evening, and other welcome affairs will be given them later, we learn. At the First M. E. church the visitors were received informally by members of the Epworth League, after which short addresses were given by the pastor, Dr. J. S. Ford, Professor W. M. Oakerson and Mrs. W. F. Smith. Miss Glen Hotchkiss gave a reading and Miss Edith Wilson gave a violin solo with piano accompaniment by Miss Lucile Alry. The remainder of the evening was spent playing games and refreshments were served just before leaving time. A large crowd was present.

At the First Baptist church, where the members of the Berean and Agoga classes entertained, the church parlors were elaborately decorated in the class colors and the State Normal and high school colors. The reception committee was composed of Rev. Lee Harrel, Mr. and Mrs. J. H. Anderson, Miss Katharine Helwig, Miss Helen Burris, Mr. and Mrs. F. W. Olney, Miss Hazel Everhart, Messrs. Edward McDonald, Chastain Harrel, Ursle Crockett, G. B. Holmes, Jr., and Paul Denny. Three hundred guests took part in the progressive games that were played in the six class rooms, a different game in each room, and the free-for-all game at the close in the main Sunday school room. About fifty boys and girls engaged in games in the moonlight on the church lawn during the progressive games in the church parlors, after which a program was heard in the auditorium of the church, as follows: Piano solo, Miss Dorothy McDonald; vocal solo, "My Rose of Yestere'en," Marcia Cutler; reading, Miss Mabel Miller; piano solo and encore, Little Miss Hilda Denny; vocal solo, "My Rosary," Miss Hazel Everhart; vocal solo, Mr. Orlo Quinn; vocal solo, "The Shoemaker," Little Miss Ruth Olney. After the program refreshments of hot chocolate, sandwiches and cake were served.

The president of the association, Miss Lucy Palmer, extended an invitation to those present to attend the meetings. This affair is the first of a series of entertainments that will be given by the young ladies of the Y. W. C. A.

ITALIAN FORCES OCCUPY TRIPOLI

Defenders Retire to Pasha's Castle When Troops Enter

TURKS MADE BRAVE RESISTANCE

Few Dead Bodies Found in Ruins of Fort—White Flags Over Homes of Arabs—Landing all Along Coast.

London, Oct. 6.—The Italian flag floats over Sultania fort at Tripoli, which is occupied by landing parties. Part of the fleet is anchored in the harbor and the other warships lie in a short distance from the dismantled fortification. Few bodies of Turks were among the ruins of the forts.

The defenders retired to the pasha's castle. The so-called English fort at the left of the harbor entrance offered greater resistance and its guns had a longer range. The fortification was reinforced by sandbags, upon which the smaller shot from the fleet had little effect. It was necessary for the warships to attack with guns of larger caliber. Two battle ships were brought into play before the fort was silenced. The Turks behaved bravely, resisting up to the last moment.

The general feeling in the town is shown by the many white flags waving from the tops of the houses, especially over buildings occupied by Arabs.

According to a Constantinople report, the Italian warships bombarded Benghazi and Derna. Rumors of a naval engagement in Turkish waters, an attack against Mytilene and the blowing up of the Italian battle ship Conte Di Cavour at Tripoli have not been confirmed.

The report says that while Germany favors the adoption of the Italian ultimatum as the basis of peace negotiations, Great Britain proposes that Tripoli shall become a privileged tributary Turkish vilayet under joint Turco-Italian administration, thus retaining the suzerainty of the sultan.

A dispatch to the Chronicle from Constantinople says that a cable received there from a Turkish source at Tripoli via Malta states that the Italian battleship Conte Di Cavour was blown up by a Turkish mine off Tripoli and that the crew and troops aboard the vessel perished.

Malta, Oct. 6.—Fugitives from Tripoli just arrived say small parties of Italians are landing all along the coast from Tripoli to Benghazi. Small bodies of Arabs skirmished with the landing parties.

BOYS OPEN FIGHT ON TOBACCO

Volunteer Movement Starts Among Youth of Winfield to Enforce Law Against Sales to Minors.

Winfield, Kan., Oct. 6.—An anti-smokers' league has been formed among the school boys of Winfield and an active campaign is being inaugurated in behalf of the young men for the suppression of vice and the enforcement of the law regarding the use of tobacco by minors.

While the council was in session working on a pool hall ordinance nearly 100 boys, members of the anti-smokers' league, went to the council chamber and through their spokesman, Virgil Donaldson, asked the council to assist them in their work of suppressing vice and the enforcement of the anti-tobacco and cigarette laws. The boys' attention was first called to the evil effect of the use of tobacco by the study of physiology.

Insane on Train With Gun.

Kansas City, Oct. 6.—Passengers on Santa Fe train No. 2 arriving in Kansas City nearly two hours late, told of a negro becoming insane suddenly between Syracuse and Lakin, Kan., and shooting to death a Dane. The conductor was shot over the left eye and through the shoulder. Olin E. Woodruff, a United States soldier of Bradiner, O., overpowered the negro, with the aid of other passengers. The wounded conductor was taken to a hospital in Dodge City. The negro was delivered to the sheriff at Lakin.

Investigating Pellagra.

Yates Center, Kan., Oct. 6.—Dr. S. J. Crumrine, dean of the University of Kansas school of Medicine, and Prof. J. S. Hunter of the department of entomology will come to Yates Center to investigate a case of pellagra that has just been reported to the state board of health.

Chickasha, Ok., Oct. 6.—Robert Powell, a bootlegger, was given sentences amounting to 960 days on the county roads of this county. Powell did not appeal and will at once begin serving his sentences.

More Potatoes at Cost.

Indianapolis, Ind., Oct. 6.—Mayor Shaub has bought another carload of potatoes and they are being sold in the city market at cost in his war on commission merchants, who are blamed for the high cost of living.

RAILROAD STRIKE WORST IN SOUTH

Threats Made to Blow Up Shops at McComb City, Miss.

GOVERNOR WANTS ARBITRATION

New Orleans Mob Attacks Car of Strikebreakers—Guard Shot at Houston—May Apply Sherman Law to Strikers.

Jackson, Miss., Oct. 6.—Fearing that the 1,300 strikers at McComb City will carry out a threat to blow up the Illinois Central \$2,000,000 shops there, Gov. Noel is preparing to concentrate every one of the state's available military companies in the little railroad town.

Eleven companies of militia are now stationed at McComb, and six others are on their way.

Two hundred armed men from the country are here and are fraternizing with the strikers; more are arriving hourly and all are in fighting mood.

Arbitration as a means of settling the strike is suggested in a telegram addressed by Gov. E. F. Noel of Mississippi to President C. H. Markham and Vice-President Park.

New Orleans, Oct. 6.—A mob of 500 Illinois Central strikers attacked a railroad coach containing 30 strikebreakers. Two strikebreakers were injured.

Omaha, Neb., Oct. 6.—The Union Pacific railroad brought in two squads of strikebreakers, one-half of them being assigned to Council Bluffs. The tourist cars carrying strikebreakers went west during the day.

Houston, Tex., Oct. 6.—Frank Tullis, a Harriman line guard, lies near death from bullets that strikers say were fired by his fellow guards. The guards say the bullets came from beneath cars that faced the position they occupied.

Kansas City, Oct. 6.—Sixteen men were added to the shop force of the Union Pacific railroad here making enough Superintendent Brinkerhoff said, to handle with ease the work which the Armstrong shops are expected to do.

The Harriman lines may invoke the provisions of the Sherman anti-trust law against the heads of the striking unions. Martin F. Ryan, international president of the Brotherhood of Railway Carmen received a telegram which said:

"The chances are that you will receive an indictment from the federal court before night. Get ready."

Mr. Ryan refused to divulge the name of the sender, but said the message was sent from Chicago.

TAR VICTIM TO HAVE ASSISTANCE

Teachers' Association Takes Up Fight and May Contribute Fund for Prosecution.

Topeka, Oct. 6.—The Kansas teachers have been asked to help in the prosecution of 15 men and boys of Shady Bend, who coated Miss Mary Chamberlain of Beverly with tar. The Kansas Teachers' association will hold its annual meeting in Topeka November 9 and 10 and at that time private subscriptions are to be received.

E. T. Clinkenbeard, a teacher of Oberlin, made the suggestion that the 10,000 teachers in the state contribute 25 cents each to the fund and the plan appears to be meeting with favor.

Caney Lays Gas to Factories.

Caney, Kan., Oct. 6.—Caney voted by a majority of five to one in favor of an issue of \$30,000 bonds to build a municipal gas pipe line from the newest gas field, four miles southwest to supply the factories here. The city pays 3 cents in the field and sells the gas to factories at 5 cents a 1,000 cubic feet. Work will begin immediately. There already are four gas pipe lines leading to Caney, but the new line will be used exclusively for the factories.

Wedding Crowd Injured Woman.

Springfield, Mo., Oct. 6.—While in the midst of a crowd of persons attempting to force their way into a church where a wedding was to take place, Mrs. Mary Snyder, 70 years old, was trampled upon and suffered a fractured hip at Republic, Mo., a little town about 15 miles southwest of here. She was brought to a Springfield hospital here, because of her advanced age, she is in a dangerous condition.

Manhattan Opens With 1,900.

Manhattan, Kan., Oct. 6.—The drought did not affect the enrollment of students at the Kansas state agricultural college. It is larger this year than last by more than 100. The fall term opened with 1,895 students. At this time last year there were a few less than 1,800. Late-comers will bring the total for this term up to nearly 2,000.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

There is a Vast Difference Between a Genuine

Inner-Player and a Player-Piano

The name Inner-Player is on the front of all genuine Inner-Player Pianos, so don't allow anyone to mislead you by telling you they can sell you an Inner-Player Piano when they can sell only one of the ordinary Player-Pianos.

The Inner-Player has 54 points of superiority over all other Player-Pianos, among some of the most notable features being the transposing device, the solo aid, the 6 point motor, the miniature keyboard, easy to operate, easiest to pump, and the only Player-Piano that can be operated without the least mechanical effect, the only one with the human touch.

The genuine Inner-Player Pianos are all manufactured under one roof, in one factory. There are no parts that are assembled but the instrument is built from start to finish by The Cable Company of Chicago, the largest manufacturers in the United States.

There can be but one BEST in everything, and the Inner-Player is the standard of all Player-Pianos.

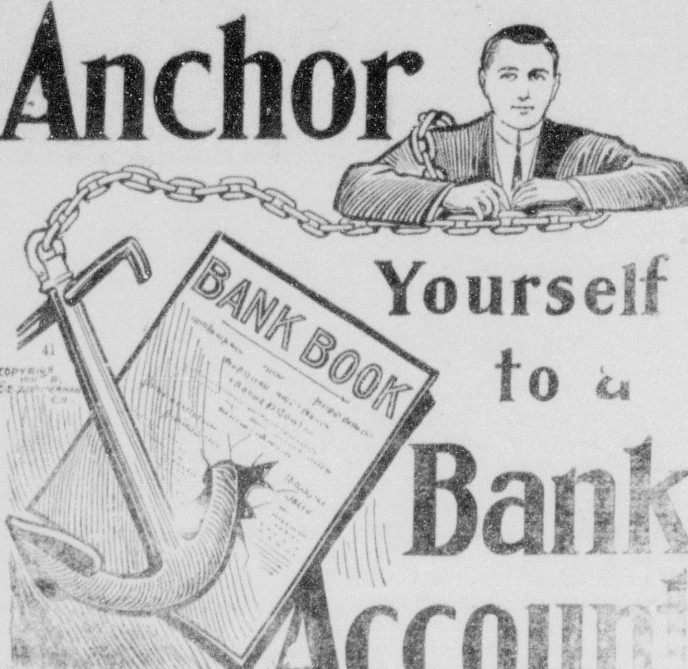

I am the exclusive representative for the Inner-Players in this territory. My terms are as reasonable as anyone could ask and as easy as good business methods will permit. If you have an instrument I will take it in exchange at its real value.

The manufacturers of the Inner-Player Pianos were the first ones in the United States to give a written five year guarantee.

Come in and let me demonstrate this wonderful Player to you.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Maryville People to Neglect.

Cure the kidneys with the safe remedy, Doan's Kidney Pills, which has cured people right here in Maryville.

During the seven years that have since elapsed I have remained practically free from kidney trouble."

A CITY OF SMITHS ALONE.

New Kansas City Directory Lists 2,115 Persons Under That Name.

The new 1911 Kansas City directory, now in the bindery, contains four Turks with no Italians to fight. There is one patriotic Yankee, thirteen who bear the name of the father of the country, George Washington, and one named Abraham Lincoln.

As usual, the Smiths are more numerous than any other name. There are 2,115 of this name in the directory. A great surprise is that there are more Johnsons than there are Browns. The book contains 1,472 of the name of Johnson and 1,302 of the name of Brown. The Jones family also is numerous, having 1,252 of that name in the directory.

The fewest names appear under the letter X, there being only nine persons under this head. There are 18,972 names beginning with the letter S.

While there is only one Rainbow, many shades are represented. Brown already has been mentioned. There are 452 Greens, 548 Whites, 38 Blues, 12 Reds, 142 Blacks and 1 Purple.

Only four Proper names appear in the directory. While there are the names of many business firms, only eleven Bosses are given.

All points of the compass are represented, there being 26 Souths, 65 Norths, 168 Wests and 4 Easts. There are 56 Snows, 31 Frosts and 15 Dews.

With 24 Bacons there are 26 Beans. The directory as well as the farmers of the West has no Potatoes this year. While there are no chickens, 22 Chickens appear. There are 4 Ducks and 64 Drakes. The name Million appears three times. There are 10 Golds, 24 Silvers and 9 Pennys.

While there are 10 Tafts, the name William H. Taft does not appear once. —Kansas City Star.

Mr. Jones says in his letter that they expect to arrange to give the matter of sidewalks on Dunn and Seventh streets attention soon.

The Unwise Samaritan.

A certain woman went down from Jerusalem to Jericho, and it chanced that her gown was not fully buttoned up in the back.

Now, a priest and a Levite, meeting the woman and perceiving her plight, passed by on the other side, without saying a word.

But a certain Samaritan, journeying that way, was touched with compassion.

"Madam," quoth he, "your habum—"

"Sir!" the woman thereupon exclaimed, and gave him a look which froze him on the spot.

Whence it appears that discretion is the better part of valor.—Puck.
